If you're so willing, I have made a revision highlighted in yellow below with regard to a 10th CD.
Thanks for your consideration and I understand if you cannot accommodate.
Best,

You can quote them, disagree with them, glorify or vilify them, but the only thing you can't do is ignore them because they change things... they push the human race forward, and while some may see them as the crazy ones, we see genius. Because the ones who are crazy enough to think that they can change the world, are the ones who do."-- Steve Jobs

Subject: Comments on the redistricting plans for your consideration

Dear Commissioners:
Thank you for your endeavors. This was not an enviable task, though the most important ones rarely are.
I'll keep my comment brief because they are not so different from the hundreds of others you have received on this subject.
I like Tom Huff's proposal for the South King County region which has already been

expounded upon in previous comments. While I don't think that any Congressional district should envelope one quarter of the state's terrain, it seems to be a necessary evil. Therefore, I also support Commissioner Huff's proposal for the 10th CD as well.
Further, I think that adding another legislative district to Yakima County makes sense, and I support keeping Pasco in one legislative district. This is important because the minority communities, particularly the Latino/a communities, should be better represented in the legislature. Currently they are not, and I think that is a problem for our State. When I look at the members of the legislature, and then when I travel through the 8th, 12th, 13th, 14th, 15th, and even 16th legislative districts, I scratch my head and wonder why the legislature isn't more reflective of the population it serves?
I know I'm echoing a lot of other folks here, so that's why I am just briefly adding to the groundswell of support.
A more thorough analysis for my positions is forthcoming.
Thank you again for your service.
Best,
Adrienne Stuart
