5/17/2011 19:22	tom	how many ppl on line right now?	Yes
5/17/2011 19:25	tom	I'll try to get some more for you now	No
5/17/2011 19:26	tom	will the vid be archived for review at a later date?	Yes
5/17/2011 19:28	Dan Wood	I would recommend that the Olympic Peninsula, Thurston, Mason, Lewis, and Pacific Counties be included in the same Congressional district. These coastal and natural resource communities seem to have the most in common.	Yes
5/17/2011 19:35	Dan Wood	On the subject of legislative districts, I do not mind at all having three districts running into Grays Harbor. The joining of districts must occur somewhere, and we are accustomed to having the "Coastal Caucus" representing portions of Grays Harbor in the legislature. To the degree possible, the lines should be smoothed in Central Park and near Montesano.	Yes
5/17/2011 19:38	Dan Wood	I forgot to include Grays Harbor in my first comment. Of course, Grays Harbor has the same natural landscape and industries in common with the other Peninsula, Coastal and Thurston/Lewis areas.	Yes
5/17/2011 19:54	Scott Dilley	Having multiple legislative and potentially multiple congressional districts in Grays Harbor makes sense given our geographic location in the state. I would encourage you to keep portions of the 19th, 24th, and 35th leg districts here in Grays Harbor County and consider using similar logic by placing more than one congressional district here.	Yes
5/17/2011 19:59	tom	Your shoe is untied.....	No
