10/14/2011 11:37	Chris	When are the maps going to be posted online?	Yes
10/14/2011 11:39	Sue Lani Madsen	(Edwall, WA) The live TVW broadcast is frozen.	Yes
10/14/2011 11:40	Dave	me too	No
10/14/2011 11:42	Sue Lani Madsen	Will TVW (if the recording worked but just not the webcast) make the presentations available? It helps to hear the Commissioners' thought process behind the plans.	Yes
10/14/2011 11:44	Dave	yep it's working	No
10/14/2011 11:50	Dave	just to confirm, the "preferred" time frame is to have final leg maps done by nov 28th? longer for congressional maps?	Yes
10/14/2011 11:51	Carin Chase	Thank you for your work. I appears that a slight change to the 32nd and 46th configuration could keep communities of interest intact. In the interest of not breaking up communities I suggest the City of Shoreline stay with the 32nd LD and the 46th retains the North West portion of Seattle.	Yes
10/14/2011 11:52	David Valiant	Can you post the shapefiles so we can get our hands on them quickly?	Yes
10/14/2011 12:15	Sue Lani Madsen	It is hard to take seriously testimony using Starbucks locations as the markers for identifying a community of interest for redistricting when my region has to cope with splitting school districts, fire districts, hospital districts, library districts and potentially county boundaries. Please keep the big picture in mind.	Yes
10/14/2011 12:15	David Valiant	how about a cage match?	No
