

**Online and Email Comments on Redistricting Commission's Draft Plans
January 1, 2012 - Part 2**

Messages to the Commission		CD	LD	
01/01/2012	HOGWASH!! I live in Cle Elum, Kittitas County, and absolutely reject the idea of being lumped in with King and Pierce Counties. Our population here is minute compared to either King or Pierce County and I fear my vote will make zero difference on issues I feel are important here in Eastern Washington. As a Conservative Republican I will be trampled by the mostly Liberal Democratic voters on the Westside!	8	13	Steve Rogers South CleElum
01/01/2012	I supported Ceis' plan until it got butchered over the weekend.	5	4	Valerie Rongey Spokane
01/01/2012	Sellout of Eastern Washington for what? What did the GOP want so badly that the redistricting commission has lost all credibility in Eastern Washington, from the butchering of Spokane County to the 13th LD that is insane. Moronic. Seriously, is there any sane person of either side that thinks that Reardan in Lincoln County has anything in common with Ellensburg? Any elected official has to drive 2-3 hours to navigate a 20 minute wide swath of the state?	5	4	Valerie Rongey Spokane
01/01/2012	Please don't separate Latino communities of interest in Southeast Yakima City and North Central Yakima City from the 15th legislative district. These communities of interest MUST be kept together in the 15th LD. We suggest the following Census Block group swaps for the 14th and 15th LDs. (Census blocks (smallest units) could be used to even up discrepancies in total population numbers.) Please incorporate the following block groups into the 15th LD: block groups 15001, 15002, 15003, 15004, 05001 & 06002 Compensating block groups for 14th LD: block groups 12002, 12003, 11001 Given our unprecedented turnout and participation in this redistricting process to have our voices heard, please do what is FAIR. Thank you.			Cherry Cayabyab
