

**Web and Email Comments on Redistricting Commission's Draft and Final Plans
January 24, 2012 - February 2, 2012**

Messages to the Commission		CD	LD	
02/02/2012	I want to take the time to express my UTTER DISDAIN towards the complete IDIOTS that took my state representatives away from me that I've worked with in the past few years. The years of knowledge, gained by working the members in my community, by Delvin, Klippert and Haler have now just been pissed away. In no uncertain terms, this redistricting has nullified every voters vote from the past election. Someone(s) up there where you are at are complete scum sucking idiots. A balanced population district does not support justice			Dan Deckert PO Box 985 Benton City WA 99320 deckert@owt.com
01/26/2012	The newly drawn boundaries has wrenched my resident PCO and former chairman Peter House as well as myself out of the 36th and into the 43rd Legislative District. This change will prove to be a blow to the 36th Legislative District Democrats, as well to the rate of voter participation throughout the 36th LD if this change is not rectified. Using the district maps of the past decade as a reference, I implore for your efforts to keep precinct Sea.36-1291 in The 36th Legislative District. This would be a simple change to make as there would be no controversy in keeping Sea.36-1291 in The 36th LD. Thusly, The 43rd LD would need to retain a precinct that they are currently slated to lose. Another easy change to The Commission's recommendations would be for The 43rd LD to retain precinct Sea.43-2090 instead of loosing it to The 46th LD. As a result, The 46th LD would need to retain a precincts' worth of land that is currently slated to be seeded to the north-east corner of The 36th LD. The only controversy around this issue is over us two board members moving into a neighbouring LD that have no current need for our abilities on the Executive Board of the 43rd Legislative District Democrats. My requested change to The Commissions recommendation would result in less real-world change over all. I thank you for your efforts to prepare this unfortunate crack that The 36th LDD, Peter House and myself are in danger of falling into. I know your efforts will be recognised as serving the grater good as these changes are supported by the Sen. Kohl-Welles, Rep. Dickerson and Rep.
