

**Comments on Redistricting Commission's Draft Plans  
November 16, 2011**

	Messages to the Commission	CD	LD	
11/16/2011	On Commissioner Ceis' draft Plan 1, it appears that in areas the map may be following old city boundary lines, which do not line up with our current boundary. This would cause two small, unpopulated, awkward precincts that are unnecessary. Also, this plan follows US Highway 101 on the left-hand side of the City of Shelton boundary which leaves two small, unnecessary, awkward precincts. This plan would hinder future election administration.	6	35	Amber Cervantes Mason County Elections PO Box 400 Shelton WA 98584 amberc@co.mason.wa.us 360-427-9670 x 469
11/16/2011	On Commissioner Foster's Congressional Plan 1, we would encourage you to reconsider the current draft which follows US Highway 101 from the top of Mason County to the City of Shelton boundary, then onto Highway 101 to the southern border of Mason County. In doing so, it creates many tiny islands of land, that would need to be individual precincts, between Highway 101 and Hood Canal and between Highway 101 and portions of the City of Shelton boundary, again causing small pockets requiring small, underpopulated precincts. This would drastically hinder future election administration.	6	35	Amber Cervantes Mason County Elections PO Box 400 Shelton WA 98584 amberc@co.mason.wa.us 360-427-9670 x 469
11/16/2011	Dear Commissioners: As a public school director for Davenport School District #207 in Davenport, Lincoln County (WA) I would very definitely prefer the Gorton-Huff plan which maintains Lincoln County within the 7th Legislative District rather than being reassigned to a new 13th Legislative District that would span more than 200 miles east-to-west from Reardan to Easton (Snoqualmie Pass, I-90) and Naches (White Pass, SR12). Sincerely, Patti Ensor	5	7	Patti Ensor Davenport School District 25700 Ziemer Rd N Davenport WA 9912 patti.ensor@gmail.com
