11/29/2011	In the Celis/Foster plan, regarding the 1st Legislative district, could you use Filbert Road as a boundary on the north rather than cutting off at 405. Filbert Road is already somewhat of a dividing line now and it makes sense to leave it that way. 405 is elevated and using it as a boundary could cause confusion while Filbert Road is ground level and is less confusing. Thank you for your consideration.	1	1	Judy Janes 19215 7th Avenue West Lynnwood WA 98036 judy.business@frontier.com 425-776-8767
