To Whom It May Concern:

I'm sorry that I missed your meeting regarding my district, #48, but I was out of town.

I am very disturbed at the line drawn in the middle of my city, Kirkland. I live south of Central Ave and belong to a Bellevue/Redmond district which includes Rodney Tom, Ross Hunter, & Deb Eddy. It also includes Dave Reichert in WA 8th district. I vote in WA 1st District. I receive info on the Bellevue City Council which I do not vote for in # 48.

This "no man's land" is so bizarre that I do not have any information when I attend a district meeting about the city council in Kirkland in #48, nor do I have any information WA. 1st District. I should be in #45.

Please resolve this problem but adjusting the boundary to the city limit, not in the center splitting it into two different districts, local and federal.

This is very bizarre and outrageous and I hope that you can resolve this dilemma for us.

Thank you for your consideration,
