Question: Why can't you minimize the division in this area when we have common interests with the city of Yakima?

Recommendation: The people in the Terrace Heights area have been split up into 3 districts for years. We used to be in the 13th & now we're in the 15th. We have a closer association/interest with the city of Yakima. Minority groups claim they are under-represented, but we feel we have not been adequately represented for years. We would like to have a shared community.
