Dear Redistricting Commissioners,

I urge you not to remove the Seattle portion of the 11th District for numerous reasons:

- \* Redistricting should not split up already established communities of interest.
- \* Our current legislators work well together and individually and together represent those communities of interest.
- \* It's important to keep and strengthen representation of communities of color in the legislature, not reduce it.

Thank you for the work you're doing.
