Bonnie, Genevieve:

Would appreciate it if you could forward this to the 4 Commissioners. When I testified on Renton's behalf on Oct. 11, and referenced the City's concern about keeping both parts of the city proper and West Hill/Skyway PAA within the 37th Legislative District, there were two questions:

*Commissioner Foster wanted to be sure the Commission had the map of this area. It is attached.

*Commissioner Ceis wanted to confirm the PAA goes west to the Seattle city boundaries. It does.

Please let me know if the Commissioners have any further questions.
