with key allies.

Dear Redistricting Commissioners,

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Sincerely, *Florencia T Castellanos*

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Dear Redistricting Commissioners,

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.

Dear Redistricting Commissioners,

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Sincerely,

Advancing Immigrant,
Civil & Human
Rights

- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Sincerely, *Josefina Mejia*

OneAmerica

Respetado Comisionado,

advances the

Le escribo para agradecerle por el trabajo hecho hasta hoy en la redistribución de los mapas electorales y le pido encarecidamente que apoye importantes prioridades en el diseño final de esos mapas electorales para las comunidades de color y de inmigrantes en la parte Central y Este de Washington.

fundamental

principles of

democracy and

justice at the

Las desiciones que ustedes hagan tendrán un dramático impacto en el proceso político en nuestro estado y tendrá la habilidad de ayudar o dañar nuestras comunidades. Por esta razón le pido que los mapas finales puedan ayudar comunidades de inmigrantes y de color en esta parte del estado, incluyendo:

focal, state and

national levels

by building

power within

immigrant

communities

in collaboration

with key allies.

- **Creando un Distrito Legislativo Estatal Mayoritariamente Latino en Yakima.** De los mapas que se han presentado hasta este momento, apoyamos los esfuerzos del comisionado Gorton y Comisionado Ceis, quienes crearon distritos mayoritarios Latinos. Sin embargo, preferimos el mapa presentado por el comisionado Ceis, del cual casi el 60% de la población incluida son personas de color, algo que ayudara asegurar que el representante escuche a nuestras comunidades.
- **Apoyamos que Pasco sea unificado.** Todos los Comisionados dijeron en sus presentaciones que mantener a las ciudades unificadas es una prioridad. Sin embargo dos de los mapas cortan a Pasco, con su inmensa población Latina e inmigrante, en dos distritos diferentes. Cortando a Pasco en dos solamente diluye el poder de la inmensa población latina e inmigrante en la ciudad.
- **Yakima y Tri-cities deben continuar en el mismo distrito.**
- **Apoyamos el distrito “Mayoría Minoría” en el sur de King County, como fue hecho por el Comisionado Huff.** Muchos miembros de OneAmerica pedimos exactamente este distrito, y fue muy satisfactorio el ver nuestro mapa, el “mapa de la unidad” incluido en los mapas que se presentaron. Creemos que este distrito presenta la mejor oportunidad para una fuerte representación de comunidades de color e inmigrantes en el Congreso.
- **Apoyamos la creación de “Mayoría Minoría” distritos legislativos estatales.** Como resultado, le pedimos que acepte la creación de tres distritos estatales de personas mayoritariamente de color en King County, uno en Tacoma, el distrito mayoritario estatal Latino en Yakima.

Como el comisionado Huff mencionó, que es importante que los comisionados escuchen la “petición del pueblo”. Estamos muy felices en el Centro y este de Washington al ver la posibilidad de mejor representación de comunidades de color e inmigrantes en nuestras áreas y por todo del estado de Washington. Gracias por su trabajo y lo motivamos a que continúe proveyendo la esperanza de una justa representación.

Sinceramente,

MISSION

OneAmerica advances the fundamental principles of democracy and justice at the local, state and national levels by building power within immigrant communities in collaboration with key allies.

Dear Redistricting Commissioners,

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Sincerely,

MISSION

with key allies.

Dear Redistricting Commissioners,

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.

17 de septiembre, 2011

Respetado Comisionado,

Le escribo para agradecerle por el trabajo hecho hasta hoy en la redistribución de los mapas electorales y le pido encarecidamente que apoye importantes prioridades en el diseño final de esos mapas electorales para las comunidades de color y de inmigrantes en la parte Central y Este de Washington.

Las decisiones que ustedes hagan tendrán un dramático impacto en el proceso político en nuestro estado y tendrá la habilidad de ayudar o dañar nuestras comunidades. Por esta razón le pido que los mapas finales puedan ayudar comunidades de inmigrantes y de color en esta parte del estado, incluyendo:

- **Creando un Distrito Legislativo Estatal Mayoritariamente Latino en Yakima.** De los mapas que se han presentado hasta este momento, apoyamos los esfuerzos del comisionado Gorton y Comisionado Ceis, quienes crearon distritos mayoritarios Latinos. Sin embargo, preferimos el mapa presentado por el comisionado Ceis, del cual casi el 60% de la población incluida son personas de color, algo que ayudara asegurar que el representante escuche a nuestras comunidades.
- **Apoyamos que Pasco sea unificado.** Todos los Comisionados dijeron en sus presentaciones que mantener a las ciudades unificadas es una prioridad. Sin embargo dos de los mapas cortan a Pasco, con su inmensa población Latina e inmigrante, en dos distritos diferentes. Cortando a Pasco en dos solamente diluye el poder de la inmensa población latina e inmigrante en la ciudad.
- **Yakima y Tri-cities deben continuar en el mismo distrito.**
- **Apoyamos el distrito "Mayoría Minoría" en el sur de King County, como fue hecho por el Comisionado Huff.** Muchos miembros de OneAmerica pedimos exactamente este distrito, y fue muy satisfactorio el ver nuestro mapa, el "mapa de la unidad" incluido en los mapas que se presentaron. Creemos que este distrito presenta la mejor oportunidad para una fuerte representación de comunidades de color e inmigrantes en el Congreso.
- **Apoyamos la creación de "Mayoría Minoría" distritos legislativos estatales.** Como resultado, le pedimos que acepte la creación de tres distritos estatales de personas mayoritariamente de color en King County, uno en Tacoma, el distrito mayoritario estatal Latino en Yakima.

Como el comisionado Huff mencionó, que es importante que los comisionados escuchen la "petición del pueblo". Estamos muy felices en el Centro y este de Washington al ver la posibilidad de mejor representación de comunidades de color e inmigrantes en nuestras áreas y por todo del estado de Washington. Gracias por su trabajo y lo motivamos a que continúe proveyendo la esperanza de una justa representación.

Sinceramente,

Mario C. Mandujano

OneAmerica advances the fundamental principles of democracy and justice at the local, state and national levels by building power within immigrant communities in collaboration with key allies

Dear Redistricting Commissioners,

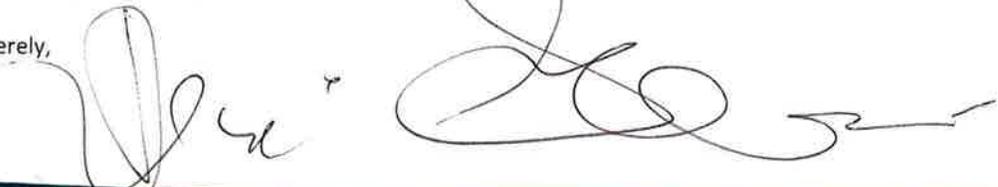

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Sincerely,

Advancing Immigrant,
Civil & Human
Rights

We believe this district— with no incumbent— presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

with key allies.

Dear Redistricting Commissioners,

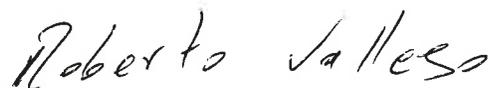

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco—with its large Latino and immigrant population—into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Sincerely,

Advancing Immigrant,
Civil & Human
Rights

national levels
by building
power within
immigrant
communities
in collaboration
with key allies.

Dear Redistricting Commissioners,

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.

- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district—with no incumbent—presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
- **We support the creation of “Majority Minority” state legislative districts.** As a result, we urge you to create three majority people of color state legislative districts in King County, one in Tacoma and the majority Latino state legislative district in Yakima.

As Commissioner Huff mentioned in his release of the maps, it is important for commissioners to listen to the “will of the people.” We are excited in Central and Eastern Washington to see better representation of immigrant communities and communities of color in our area and across Washington State. Thank you, again, for your work and we urge you to continue to provide us with the hope of fair representation.

Dear Redistricting Commissioners,

I am writing to thank you for your work thus far on the redistricting maps and to urge you to support important redistricting priorities for immigrant communities and communities of color in Central and Eastern Washington in the final version of the maps.

The decisions the commissioners make will have a dramatic impact on the political process in our state and have the ability to help or harm our communities. For this reason, we urge you to draw final maps that will empower immigrant communities and communities of color in Central and Eastern Washington, including:

- **Creating a majority Latino state legislative district in Yakima.** Of the map drafts that have been released so far, we support the efforts of Commissioner Gorton and Commissioner Ceis, who both created majority Latino legislative districts. However, we prefer the draft of Commissioner Ceis, whose legislative district is nearly 60% people of color, something that will help ensure representation that listens to our communities.
- **We support a unified Pasco.** All of the commissioners said during the release of the maps that keeping cities together is a priority. However, two of the four maps cut Pasco— with its large Latino and immigrant population— into two different districts. Cutting Pasco in half will only dilute the power of the large Latino and immigrants populations in the city.
- **Continue to keep Yakima and the Tri-cities in the same Congressional District.** All four maps have Yakima and Tri-cities in the same Congressional District. We support this effort.
- **We support the “Majority Minority” district in South King County, as drawn by Commissioner Huff.** Many OneAmerica members advocated for this exact district and it was incredibly empowering to see our map, the “Unity Map,” included in the draft plans. We believe this district— with no incumbent— presents the best opportunity for strong representation of immigrant communities and communities of color in Congress.
