Dear Commissioners:

Thank you for your hard work and diligence in working with fellow Commissioner's to give Washington State citizens responsible Congressional districts without the gerrymandering. In addition, thank you for creating a competitive district that does not give political favoritism to any one political party. Thank you for your bi-partisan efforts. Is there any way you could bring your bi-partisan ethics to the State of Georgia?

Again, thank you for your efforts and continued service – it sets an example and standard for other States to follow during the redistricting process.

Sincerely,
