Washington State Redistricting Commission

Do-It-Yourself Redistricting Map

Central Washington

Central Washington Region includes Benton, Chelan, Douglas, Grant, Kittitas, Klickitat, Okanogan, and Yakima Counties.

Congressional Districts on this map:

- Most of the territory in the 4th Congressional District with the exception of Franklin County and portions of Adams and Skamania Counties
- The portion of the 5th Congressional District in Okanogan County

Legislative Districts on this map:

- All of the 8th, 12th, 13th, and 14th Legislative Districts
- Portions of the territory in the 7th, 15th, and 16th Legislative Districts

Other boundaries on this map:

- Voting precincts with Census Bureau precinct numbers
- Cities and towns

In addition to this map:

- A separate map has been created for precincts in these cities and towns: Benton City, Brewster, Cle Elum, Coulee Dam, East Wenatchee, Ellensburg, Ephrata, Grandview, Kennewick, Leavenworth, Moses Lake, Okanogan, Omak, Oroville, Pateros, Prosser, Richland, Roslyn, Selah, Soap Lake, South Cle Elum, Sunnyside, Tonasket, Twisp, Union Gap, Wenatchee, West Richland, Winthrop, and Yakima
- To complete a district that extends beyond this regional map you will need to work with one or more of the other three regional maps that cover the rest of the state.

Instructions for drawing a plan on paper

To draw your redistricting plan on paper:

1. Your district boundaries must follow precinct boundary lines.
2. Draw your proposed district boundaries in pencil first and add up the number of people in each district. The total population of each precinct is shown in italics on the map, beneath the precinct number. The populations of each of your new districts have to be close to equal.
   - 137,236 people per legislative district
   - 672,454 people per congressional district
3. After you've made sure the populations in your districts are close to equal and that your lines follow precinct boundaries, use the highlighter pens provided to trace along the precinct boundaries:
   - Use the BLUE highlighter pen to trace CONGRESSIONAL DISTRICTS.
   - Use the ORANGE highlighter pen to trace LEGISLATIVE DISTRICTS.

   Note: it is very important that you use these particular colors so our map specialists can quickly interpret your plan. If you lose your pens, please try to use similar blue and orange pens to draw your district boundaries.
4. If you make a mistake drawing a district boundary, please make small X's along the incorrect line with a blue or black ballpoint pen.
5. If your new district boundary follows a current district boundary, please trace along the line anyway to ensure that our map specialists understand your plan.
6. If parts of your congressional and legislative districts share a boundary, please use the highlighters to draw two parallel lines along the shared boundary.
7. Draw only one congressional and one legislative redistricting plan per map or set of maps. If you want to submit more than one plan, please use another set of maps.

Please note:

- The county names printed on the map(s) are followed by a numeric code assigned by the U.S. Census Bureau. This code is also the first 2 digits of every precinct number in that county.
- Changes made to cities and voting precincts since January 1, 2010 are not shown on the map because population data is not available for these changes.
- Not all cities or towns are assigned to their own precinct or precincts, some cities and towns might be combined with rural areas in a precinct.
- Some precincts might have disconnected areas that are not labeled on the map. The Google Earth layer can help identify any areas that might not be labeled.

Okanogan County (47)
Pop. 41,120

Chelan County (07)
Pop. 72,453

Douglas County (17)
Pop. 38,431

Kittitas County (37)
Pop. 40,915

Grant County (25)
Pop. 89,120

Yakima County (77)
Pop. 243,231

Benton County (05)
Pop. 175,177

Klickitat County (39)
Pop. 20,318
